From the President...

Well where has the summer gone? I hope to see you at this month's meeting.

This month Brian Moler will be talking about Query Management Query. This talk will build the underlying foundation for a talk about DB2 stored procedures which we are planning for a later meeting.

Other talks we are trying to line up are: PKZIP for the AS/400, using the AS400 on the internet (TCP-IP) discussion, an update on Domino, using PASE (UNIX/AIX on the AS400), and JAVA. If you have other ideas for topics or know anyone that can talk on these topics please contact an ASU officer or board member.
