Security Used to be Just a Good Idea... ...Today, It's a Necessity

Join in us in discussing current topics in information security including:

- The continuing rise in incidents and how they impact you.
- The growing need to manage compliance with regulatory and contractual obligations.
- Common security ailments and the practical remedies needed to correct them.

The March presentation will be by Doug Davidson, President of Jacadis

Jacadis is a five-year-old information security solutions provider based in Columbus. Serving 60 clients from government, public and private businesses, non-profits and educational institutions, Jacadis helps clients build a continuously improving security program to protect the organization as well as to help them meet the requirements of a growing body of regulations and contractual obligations.

Believing in first things first, Jacadis follows a practical 3-step approach to build a secure business environment:

- Assess
- Improve
- Manage

Being well versed in security and associated technologies, Doug brings a strong background in professional services management and information technology - business strategy planning and application to Jacadis, a Columbus based information security solutions provider.

He has served as president of two technology firms, lead a national VAR's web practice and served the community as research director for the Greater Columbus Chamber of Commerce. He is an experienced management consultant with proven skills ranging from strategic technology planning to policy, procedures, practices and standards development, security operations, content analysis, cultural change and workshop facilitation.

Doug has five boys and lives in Hilliard where he is active in the Scouting movement and wrestling.

President's Note...

Hello All...

I would like to thank Perry Carfagna of IBM for presenting the Columbus area announcement about the IBM System i5. We experienced a very nice turnout in Columbus for this announcement. IBM will be presenting follow up meeting with more technical details about the IBM System i5. Look for the details about the v5r4 technical presentation in the April newsletter.

This month's presentation will be given by Doug Davidson, President of Jacadis. Doug will be focusing on current security issues facing many of us day today and addressing issues going forward. Please join us on March 21, 2006 for this very important session.

It's that time of year again to think about the leadership of ASU. The following positions are available for the May election:

President
Vice President
Treasurer
Secretary
Board Of Directors (3)

Clearly there are opportunities to get involved as an ASU leader. If you would like to be considered or have a questions, please contact me or any member of the ASU Leadership team.

Remember to bring a friend to the meeting.

See you at ASU.

John
